MSRP \$25,920.00
Floor Model Sale
\$13,995.00 + tax

This beautiful 12' x 16' model includes:

- Twelve tempered glass, sliding, insulated windows with screens
- A tempered etched glass heavy duty entry door
- One tempered glass & cedar gable truss
- Pre-drilled holes for up to 50' of rope lighting
- All modular construction
 - This type of construction allows your gazebo to be built in virtually any location without the use of heavy construction equipment. (Check your local building codes to find out if a building permit is required for this type of building)
 - Can be set on your deck, concrete slab or we can build a deck for you.
- All 2 x 6 solid cedar walls (compare to 2 x 2 material used by other manufacturers)
- All solid cedar trim
- All solid cedar trusses
- Heavy duty 5/8" tongue and groove solid cedar siding – rough sawn outside – smooth finish inside (compare to 1/4" or 3/8" material used by other manufacturers)
- Premium oil base wood treatment and water repellent
- Seven foot high side walls with custom trusses to allow you to open even our largest spa covers
- Oak plywood ceiling and soffet
- Insulated roof panels
- Steel roof – tried and true – won't leak – no plastic domes to crack and leak
- Optional decorative trim available
- All zinc plated hardware – no plastic parts

*Electric hook up is not included. *All permits and code requirements are the responsibility of the owner. *See other side for precise dimensions.
